

Burglar-proof

Bulletproof

Made in France

# Guardhou

Security layout/Modular construction

## se

You manage the reception of people and vehicles in secure areas.

The CARAPACE guardhouse provides security for personnel responsible for checking access points to sensitive sites.

The guardhouse acts as a deterrent and provides defence by quickly isolating personnel in the event of an attack.

From the standard model (without specific ballistic rating) to bulletproof models (FB4, FB6 or FB7 depending on the model), the CARAPACE range can be adapted to your security needs.

## Features

### Length

1,500 / 2,436 mm

### Width

1,000 / 2,436 mm

### Height

2,615 / 2,750 / 2,935 mm
