

Mobile glass counter

Security fittings/security furniture

You ensure the safety of staff during document or financial exchanges.

The movable glass window frame is designed to provide a level of security between a public area and a work area.

The window opens and closes according to the operator's wishes.

It can be supplemented with a document pass-through or parcel pass-through for transaction operations.

Applications: Banking and commercial spaces, railway stations, police stations, government offices, currency exchange offices, hospitals, etc.

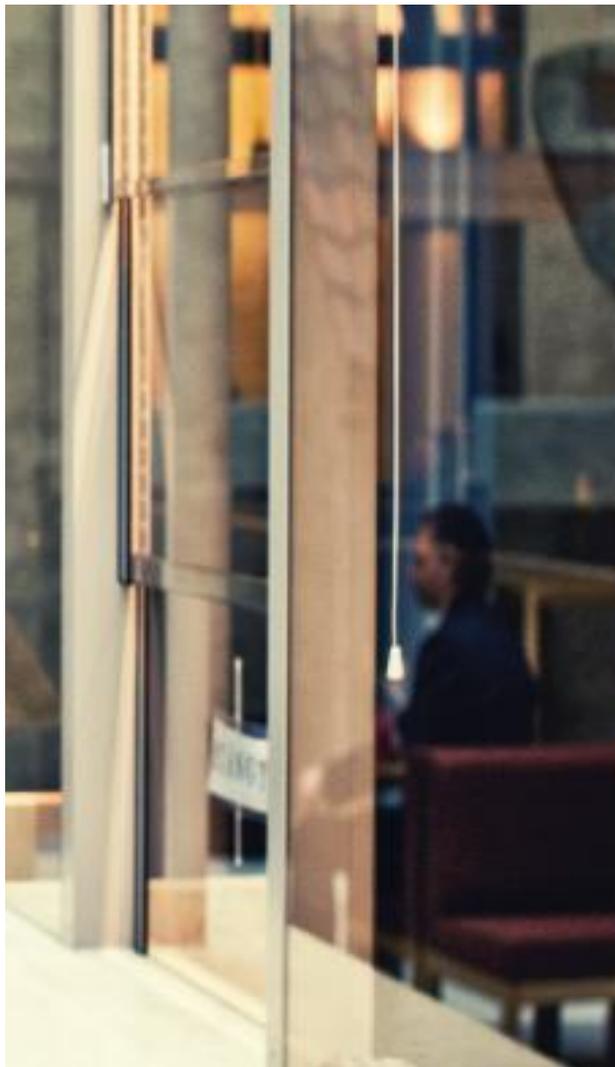

Burglar-proof
